Sensex rises by 277 pts to close at 5-month high on global relief rally

MUMBAI, JULY 9 /--/ The benchmark BSE Sensex Monday surged by around 277 points to close at more than five-month high of 35,934.72 on heavy buying in energy, capital goods, power and banking stocks following positive leads from global markets.

A strengthening rupee against the US dollar also bolstered the trading sentiment even as investors shifted their focus to corporate earnings from trade war worries.

The 30-share BSE Sensex rallied for the second day by rising 276.86 points or 0.78 per cent to settle at 35,934.72, the highest closing level since January 31, when it had closed at 35,965.02.

The broader NSE Nifty closed above the 10,800

level by gaining 80.25 points or 0.74 per cent to 10,852.90, the highest closing since June 13, 2018, when it ended at 10,856.70.

Index heavyweight Reliance Industries rose by 1.96 per cent to Rs 995.65 while IT major Infosys gained 1.14 per cent at Rs 1,299.15, helping the Sensex to post gains for a second day. Asian markets mostly closed higher and European stock markets advanced in opening trade, tracking gains on Wall Street on Friday after a strong jobs data for June allayed fears of impact of the US-China trade dispute. Investors were looking forward to the quarterly results of IT majors TCS and Infosys that will kick-start the earnings season this week, brokers said. TCS, however, fell by 1.34 per cent at Rs 1,887.65 on profit booking ahead of its financial results tomorrow. The stock had risen by 1.68 per cent to settle at its lifetime high of Rs 1,913.30 on BSE in the previous session.

No vehicle insurance without PUC certificate: Irdai

NEW DELHI, JULY 9 /--/ Acting tough on those violating emission norms, Irdai has said vehicles without a valid Pollution Under Control (PUC) certificate will not be insured.

Irdai in a notification has directed all general insurance companies not to insure a vehicle unless it has a valid PUC certificate. Vehicle insurance is renewed every year. The insurance regulator's move follows an order of the Supreme Court in this regard.

In August last, the apex court in M C Mehta Vs Union of India and Others case had directed insurers not to insure a vehicle unless it has a valid PUC certificate on the date of renewal of the insurance policy.

It is mandatory for every vehicle owner to have a valid PUC certificate to comply with the prescribed emission norms. A vehicle without such certificate is liable to be prosecuted under the Motor Vehicles Act.

Computerised facilities for checking pollution levels and issue of PUC certificate (to vehicles meeting emission standards) are available at many petrol pumps/workshops. (PTI)

BSE postpones launch of platform for startups

NEW DELHI, JULY 9 /--/ Leading stock exchange BSE has postponed the launch of its new platform for listing startups.

The platform, scheduled for launch today, was aimed at facilitating the listing of companies in sectors such as IT, ITES, bio-technology and life sciences, 3D printing, space technology and e-commerce.

Besides, it was targeted to aid the listing of companies from hi-tech defence, drones, nano technologies, artificial intelligence, big data, virtual reality, e-gaming, robotics, genetic engineering, among other sectors.

"BSE has decided to postpone the split of the BSE startup sub-segment from BSE SME segment. Startups will continue to list on BSE SME segment as usual. These startups will have the option to migrate to BSE startup segment once BSE startup segment is launched," the exchange said in a circular.

The exchange's spokesperson declined to give any reason for postponing the launch.

Rupee advances 15 paise to 68.72 on weak $

MUMBAI, JULY 9 /--/ The rupee Monday appreciated further by 15 paise against the US dollar to close at 68.72 on sustained dollar selling by exporters and banks amid a stellar rally in local equities and losses in the greenback. Heavy unwinding of long dollar positions built by speculative traders on the back of extreme weak overseas sentiment predominantly buoyed the home currency, a forex dealer said.Initially, the rupee extended Friday's rebound to hit a near one-week high before relinquishing early strong gains even as hedgersrushed to short. The rupee had recovered by 8 paise on Friday from all-time closing low of 68.95 on July 5.

Maintaining its recovery trend, the domestic unit resumed sharply higher at 68.57 against previous close of 68.87 at the Interbank Foreign Exchange (forex) market. However, the domestic currency was unable to capitalise on strong early gains and gradually gave up towards the fag-end trade to hit a session low of 68.80 before ending at 68.72, showing a gain of 15 paise, or 0.22 per cent. Traders were cautious ahead of release of consumer price inflation (CPI) and Index of Industrial production data this week, a dealer said.

The RBI, meanwhile, fixed the reference rate for the dollar at 68.7545 and for the euro at 80.4771. The US dollar was trading near three-and-a-half weeks low against its rivals after a mixed US jobs report triggered investors' selling. The dollar index was down 0.16 per cent at 93.81. On the energy front, global crude prices traded little changed as an increase in US drilling likely to increase shale production, balanced evidence of tightening supply. Brent crude was up at USD 77.72 a barrel in Asian trade.

Shares of Tata group cos see mixed trends after NCLT ruling

MUMBAI, JULY 9 /--/ Shares of various Tata group companies witnessed mixed trends today after the National Company Law Tribunal (NCLT) dismissed pleas of Cyrus Mistry against Tata Sons for removing him as chairman.

IT bellwether Tata Consultancy Services (TCS) fell over one per cent to Rs 1,890.30, while Tata Motors rose nearly two per cent to Rs 275.85 on the BSE. In late morning trade, the scrips of Tata Steel and Tata Power climbed over one per cent to Rs 560.05 and Rs 72.80, respectively.

Gaining more than one per cent, Tata Chemicals too was trading in the green at Rs 711.30. The shares of Tata Coffee went up over two per cent to Rs 121.00.

In a legal battle running for nearly two years, the NCLT today dismissed the pleas of Cyrus Mistry challenging his removal as Chairman of Tata Sons.

Mistry was removed as the Tata Sons board and majority of its members lost confidence in him, the tribunal said. In its ruling, the tribunal said it was not accepting Mistry's contentions that his removal was due to the result of mismanagement by the board and oppression of minority shareholders of the group. Mistry was ousted as Tata Sons Chairman in October 2016. (PTI)

US-China trade war to impact FPI inflows: Report

MUMBAI, JULY 9 /--/ The US-China trade war will impact foreign investment into the country, and the Reserve Bank of India (RBI) will have to sell foreign currencies to defend the rupee at the 69 level to a dollar, a report said on Monday. "We expect the US-China trade war to further discourage FPI (foreign portfolio investment) flows, although the direct real impact will be limited with exports just 12 per cent of GDP," brokerage Bank of America Merill Lynch said in a note. Domestic impact of the trade war will be felt more in the financial markets, it said, adding that the situation is akin to the 2008 global financial crisis.

This will force the RBI to "step up" forex sales to defend the rupee at the 69 level against the dollar, it said. Apart from the likely impact to investment flows, there are other factors like adversities on seasonal elements, banks' low nostro balances and stronger USD globally which will put pressure on the rupee and the RBI has to contend with, it added. If the flows do not revive, the RBI will have to sell USD 20 billion of the over USD 400 billion in forex reserves in order to ensure that the current account deficit comes at 2.4 per cent of the GDP, it said.

It can be noted that the forex assets have declined by USD 19 billion since April, as the rupee continues to be under pressure. In the first six months of the year, foreign investors have pulled out Rs 6,000 crore from the equity markets and Rs 41,000 crore from the debt markets due to the trade tensions and macroeconomic issues like the surge in oil prices, according to reports. (PTI)

Tenders are invited from bonafied resourceful and financially sound agencies with valid credential against NIT 06 OF 2018-19 of the undersigned, Details may be had from the Notice Board, O/o the undersigned on all working days within office hours.
