Bank fraud: ED attaches Rs 14.5-cr assets of Gujarat firm

NEW DELHI, MAY 25/--/The ED today said it has attached assets worth Rs 14.5 crore of a Gujarat-based firm for allegedly defrauding SBI and Bank of Baroda (BoB) to the tune of over Rs 804 crore.

The agency said it has issued a provisional order for attachment of two immovable assets-- one located at Nariman Point in Mumbai and the other at Nikumbh complex in Ahmedabad-- under the Prevention of Money Laundering Act (PMLA) against Ms ABC Cotspin Pvt Ltd and its director Ashish Surochbhai Jobanputra and others. "The properties have been attached against the amounts remitted outside India," the ED said in a statement, adding that they were valued at Rs 14.5 crore. The Enforcement Directorate (ED) had taken over the case against the Gujarat-based firm taking cognisance of a CBI FIR. The CBI FIR had alleged that Ms ABC Cotspin Pvt Ltd and its director entered into a "criminal conspiracy" with officials of the BoB in Ahmedabad and the State Bank of India (SBI) in Gondal (Rajkot), and defrauded the two banks to the tune of Rs 804.49 crore, the ED said. The agency said the probe revealed that "the company was availing bill discounting facilities from the two banks against Letter of Credit (LC) of prime banks", During 2014-15, it said, Jobanputra "without" making any genuine export got prepared and signed the export documents and presented them to the banks. "The bank officials also discounted the export bills without proper scrutiny of the bills and without ensuring that shipping bills issued by the Customs authorities are provided for, which is mandatory and are available at the time of discounting. "They (bank officials) also discounted export bills on the basis of LC issued by the Industrial and Commercial Bank of China, which was restricted," it said. Probe revealed that the company siphoned off Rs 79.49 crore out of India on the pretext of false import that "never" took place, the ED said.

The ED alleged that Jobanputra is the "master mind" of the fraud and that he along with his family left India soon after conducting these illegal transactions and has now settled in the US.

Benchmarks soar for second day

*End volatile week with modest gains

MUMBAI, MAY 25/--/Stocks defied gravity for the second straight session today as recently-mauled energy and metal counters attracted heavy buying interest.

A recovering rupee, encouraging earnings and unabated buying by domestic institutional investors added to the momentum, brokers said.

The BSE Sensex surged over 261 points to finish at 34,924.87, while the broader NSE Nifty jumped 91.30 points to 10,605.15.

On the global front, investors were cautious after US President Donald Trump cancelled a planned meeting with North Korean leader Kim Jong Un and threatened to impose tariffs on auto imports.

The 30-share BSE Sensex opened on a strong footing at 34,753.47 and maintained its upward trend to hit the day's high of 35,017.93. It finally ended at 34,924.87, up 261.76 points, or 0.76 per cent.

The index had rallied 318.20 points in the previous session.

The Nifty finished the day at 10,605.15, showing a hefty gain of 91.30 points, or 0.87 per cent, after shuttling between 10,628.05 and 10,524.

On a weekly basis, the Sensex scored a moderate gain of 76.57 points, or 0.22 per cent while the Nifty rose 8.75 points, or 0.08 per cent.

Meanwhile, Indian markets have witnessed a significant rise during the first four years of the Narendra Modi government.

Since May 26, 2014, the day Modi was sworn in as the Prime Minister, the benchmark Sensex has risen by 10,207.99 points or 41.30 per cent, while the NSE Nifty spurted 3,246.10 points or 44.11 per cent. The Sensex hit a lifetime high of 36,443.98 on January 29, 2018.

"A less than hawkish US Fed minutes and positive global cues uplifted domestic sentiments. Short covering was broad-based across sectors, while some buying interest was seen in mid and small cap stocks.

"Some respite was seen in INR and oil prices which helped the market to recoup its losses this week," said Vinod Nair, Head of Research, Geojit Financial Services.

Domestic institutional investors (DIIs) net bought equities worth Rs 1,480.51 crore, while foreign portfolio investors (FPIs) sold shares to the tune of Rs 701.93 crore yesterday, provisional data showed.

State-owned oil companies IOC, ONGC, HPCL and BPCL recovered after a sharp decline yesterday. ONGC was the top performer in the Sensex pack, rising 4.59 per cent, with global crude oil benchmark Brent dipping to USD 77.03 a barrel. IT stocks extend gains for the second day, led by Infosys 0.57 per cent, Tata Elxsi 3.03 per cent and Wipro 0.28 per cent. Tata Consultancy Services' market valuation surged past the Rs 7 lakh crore mark in intra-day trade, making it the first company to achieve this milestone.

Tata Steel climbed 3.43 per cent after the NCLAT refused to entertain a second round of bidding for Bhushan Steel.

Other gainers in the Sensex pack were Yes Bank 2.71 per cent, IndusInd Bank 2.29 per cent, Adani Ports 2.17 per cent, Axis Bank 1.88 per cent, Hero Motocorp 1.85 per cent, Tata Motors 1.82 per cent, Kotak Bank 1.78 per cent, Bharti Airtel 1.76 per cent, Maruti Suzuki 1.63 per cent, M&M 1.55 per cent, HDFC Bank 1.30 per cent, Sun Pharma 0.97 per cent, Bajaj Auto 0.95 per cent, HUL 0.90 per cent, HDFC Ltd 0.71 per cent, RIL 0.62 per cent, Infosys 0.57 per cent, L&T 0.38 per cent and Wipro 0.28 per cent.

However, Coal India fell 1.36 per cent, ITC 1.04 per cent, SBI 0.56 per cent, TCS 0.43 per cent, ICICI Bank 0.25 per cent, Dr Reddy's 0.08 per cent and Asian Paints 0.04 per cent.

IBM to invest in tech to predict floods, cyclones in India

MUMBAI, MAY 25/--/IBM today said it will invest in technologies to predict natural disasters like floods and cyclones in India, as part of a USD 30-million global programme aimed at disaster relief.

The global tech major has joined hands with the United Nations, American Red Cross, David Clark Cause and the Linux Foundation for a global initiative to use technology to predict and effectively respond to natural disasters, its managing director for India, Karan Bajwa, said. "The Indian subcontinent is highly vulnerable to cyclones, droughts, earthquakes and floods, affecting millions of lives and impacting the economy every year," he said in a blog post.

Some of the disasters in India which the five-year programme may focus on would be floods, earthquakes, drought, tsunami, cyclone storms, avalanches and landslides, a company spokesperson said. As part of the global programme, it is calling on software developers, including its employees, to create the required solutions using cloud, data, artificial intelligence and blockchain platforms. "Technology can be a powerful force to advance human rights and build more equitable societies," said Laurent Sanzour, head of external relations, United Nations Human Rights Office. Bajwa said in the last two decades, 2.5 billion people have been directly affected by the nature's fury, resulting in economic impact of nearly USD 1.5 trillion. The company plans to hold road shows in Delhi, Mumbai, Bangalore and Hyderabad in the coming months to promote the initiative, the spokesperson said. (PTI)

Gold slips, silver rebounds on slackened demand

MUMBAI, MAY 25/--/Gold prices further went down at the bullion market here today on slackened demand from jewellers and customers. While, silver prices recovered by Rs 60 to Rs 40,305 per kg owing to renewed offtake from industrial units.

Standard gold (99.5 per cent purity) eased by Rs 60 to end at Rs 31,205 per 10 grams from Thursday's closing level of Rs 31,265. Pure gold (99.9 per cent purity) also moved down by a similar margin to close at Rs 31,355 per 10 grams as against Rs 31,415 yesterday.

However, silver (.999 fineness) rose by Rs 60 to finish at Rs 40,305 per kg compared to Rs 40,245 previously.

Globally, gold prices remained steady after breaking above USD 1,300 an ounce in the previous session when the US President Donald Trump called off a meeting with North Korean leader Kim Jong Un, fanning political tensions.
