### Justin Bieber, Hailey Baldwin confirm engagement

LOS ANGELES, JULY 12 /-/- A day after news portals reported the engagement of Justin Bieber and Hailey Baldwin, the couple has officially confirmed the news. After multiple reports of their engagement flooded the Internet, they took to social media to seal the deal today. According to CNN, the singer popped the question to the model during a trip to Bahamas over the weekend.

Bieber, 24, shared a picture of Baldwin, whom he described as "the love of my life", planting a kiss on his cheek. The singer wrote a mushy post for her wherein he appears to be reading his wedding vows to his future wife. "Was gonna wait a while to say anything but word travels fast, listen plain and simple Hailey I am so in love with everything about you!"

So committed to spending my life getting to know every single part of you loving you patiently and kindly, I promise to lead our family with honor and integrity letting Jesus through his Holy Spirit guide us in everything we do and every decision we make. My heart is COMPLETELY and FULLY YOURS and I will ALWAYS put you first! "You are the love of my life Hailey Baldwin and I wouldn't want to spend it with anybody else. You make me so much better and we compliment each other so well! Can't wait for the best season of life yet!"

It's funny because now with you everything seems to make sense! (sic) Bieber said, Baldwin, 21, took to Twitter to express her happiness. She, however, did not name Bieber in the post. "Not sure what I did in life to deserve such happiness but I am so utterly grateful to God for giving me such an incredible person to share my life with! No words could ever express my gratitude!" Baldwin tweeted. The duo, who earlier dated in 2016, had fuelled speculations of reunion among fans in recent weeks by appearing together.

Social media posts popped up over the weekend saying the pair was spotted in the Bahamas. Bieber's parents and Baldwin's father, actor Stephen Baldwin had teased the engagement of their children on the Internet yesterday. While the singer last dated his on-again, off-again girlfriend singer-actor Selena Gomez, Baldwin was recently linked with singer Shawn Mendes after the pair attended the Met Gala in New York together in May. ## Warner Bros plans \$100m cable car to Hollywood

LOS ANGELES, JULY 12 /-/- Warner Bros has announced plans for a USD 100 million cable car to take tourists from its studio lot to the iconic Hollywood sign, an area increasingly choked by tourist traffic. The company, one of Tinseltown's "Big Six" film distributors, told city officials on Monday it would put up the entire funding for the "Hollywood Skyway". The six-minute ride would extend more than a mile (1.6 km) from Warner's base in Burbank up Mount Lee to a visitor center near the sign, with pathways to a viewing area, according to the Los Angeles Times. The iconic studio behind "Casablanca" and "Gone with the Wind" didn't respond to AFP's

request for comment but circulated a statement saying the project would "reduce street congestion, improve safety, and ease neighbourhood frustrations." "Given our close proximity to the north side of the Hollywood sign, we believe we offer a solution that has the least impact on the environment - protecting and preserving (nearby) Griffith Park - and the surrounding residential neighbourhoods," the company added. The area is dotted with housing on all sides and the "aerial tramway" would spare homeowners the annoyance of hikers and traffic coming past their front doors, says Warner. Locals say ride-hailing services like Uber, combined with ever

more sophisticated navigation apps, have made it much easier in recent years to get close to the sign in a car, exacerbating the problem. The idea has been floated for years but has always hit stumbling blocks. It was resurrected in 2017 by Mayor Eric Garcetti, with a proposal involving the nearby Universal Studios. The project is expected to take about five years to complete, including the approvals process, if it is approved. The landmark was erected in 1923 as "Hollywoodland" to advertise a local real estate development. It has undergone a number of transformations over the years, including in 1987, when

pranksters changed it to "Hollywood" to mark the visit of Pope John Paul II. Last year Los Angeles police arrested a local artist suspected of a New Year's Day prank in which he altered the letters to read 'Hollywood. (AFP)
