## Delivery of new passenger vessels by CSL expected as per schedule: CPA

ROOPA LALL

PORT BLAIR, JAN 6/-/ "The UT Administration is in constant touch with the Cochin Shipyard Limited regarding delivery of two 1200 passenger-cum-1000 tonne capacity and two 500 passenger and 150 tonne cargo vessel to the Shipping Department. As per latest information, the ship building work is in progress as per schedule and delivery of all the vessels is expected between 2019 and 2020. The Shipping Department is accordingly progressing with plans to decommission two of the most oldest passenger vessels serving the island-mainland sector, MV Akbar and MV Harshavarshana and other two smaller vessels, MV Senhil and MV Chowra," informed Mr. Tripathi, Chief Port Administrator, speaking to scribes recently.

Induction of newer vessels will boost the shipping sector in these islands. Once pressed into service, the vessels will be deployed to serve islanders particularly the population residing in remote pockets of this territory like areas in north and the southern group of islands. Moreover, efforts are on to increase the operational capacity of the existing fleet of vessels currently available with the Shipping De-

partment. Presently, 6 out of the 17 speed boats are in service while another seven are likely to resume operations by the end of this month," said Mr. Tripathi. Cochin Shipyard Limited (CSL) has bagged contract for construction of two 1200 passenger-cum-1000 tonne cargo vessel for the Andaman and Nicobar Administration. The vessel is 155 mtrs in length and 21 mtrs in breadth with a draft of 5.9 meters. It can cruise at a speed of 18 knots and carry around 1204 passengers. Equipped

with electric propulsion system suitable for all weather operation on the mainland to A&N island route in India and designed for operation as Class III special trade passenger ship engaged on international voyage, the vessels are provided with 'Safe Return to Port' - SRP Notundancy, which provided redundancy for the vessel to reach the nearest designated port, even in case of an emergency. Cochin Shipyard Limited has also bagged the contract for construction of two 500 passenger and 150 tonne

cargo capacity vessel for the Andaman and Nicobar Administration under the Make in India scheme. The vessels are 89.4 mtrs in length and 17.5 mtrs in breadth with a draft of 4.10 meters. It can cruise at a speed of 16 knots. Both the vessels have been designed by Kochi based ship design firm M/s Smart Engineering and Design Solutions (India) Limited who have teamed up with reputed designers 'Knud R. Hansen' of Denmark. The vessels have been model tested in MARIN, Netherlands.

**GOODS AND SERVICES TAX**

Attention: Trade and Transporters

E-WAY BILL TO BECOME MANDATORY for inter-State movement of goods from 1<sup>st</sup> February, 2018

System to be ready by 16<sup>th</sup> January, 2018

- The nationwide e-way Bill system will be ready to be rolled out on a trial basis latest by 16<sup>th</sup> January, 2018. Trade and transporters can start using this system on a voluntary basis from 16<sup>th</sup> January, 2018 before it becomes compulsory.
- The rules for implementation of nationwide e-way Bill system for inter-State movement of goods on a compulsory basis will be notified with effect from 1<sup>st</sup> February, 2018. This will bring uniformity across the States for seamless inter-State movement of goods.
- While the system for both inter-State and intra-State e-way Bill generation will be ready by 16<sup>th</sup> January, 2018, the States may choose their own timings for implementation of e-way Bill for intra-State movement of goods on any date before 1<sup>st</sup> June, 2018.

There are certain States which are already having system of e-way Bill for intra-State as well as inter-State movement. Some of these States can adopt national e-way Bill system early for intra-State movement also.

In any case uniform system of e-way Bill for inter-State as well as intra-State movement will be implemented across the country by 1<sup>st</sup> June, 2018.
