

Military nursing cadets get commissioned

Nursing Cadets of College of Nursing, Command Hospital Kolkata in a jubilant mood at the end of their Commissioning Ceremony on Wednesday (EOI Pix)

KOLKATA, JAN 10 /- Commissioning ceremony of the fourth batch of cadets of the College of Nursing was held today at Sushruta Auditorium at Command Hospital, Eastern Command, Kolkata. 31 Nursing Cadets who joined the college on August 1, 2013 got commissioned as Lieutenants, thereby joining the prestigious Military Nursing Service. The spectacular commissioning ceremony was attended by the hospital staff, family and friends of the cadets who had travelled from far and wide to witness their loved ones begin a new career. Lt Rashmi Dubey was awarded gold medal for securing first position in the final year of the West Bengal University exams and was adjudged the best clinical nurse, whereas Lt Sushma Sharma bagged the silver medal for ranking second in the batch and was adjudged the all round best student. Speaking at the ceremony, the chief guest, brig Kamal Pathak who is presently the officiating commandant, congratulated the newly commissioned officers for their achievement. He reminded them that the journey that they undertake hereon as MNS officers would test their skills and patience every day. He expressed confidence that they had been

trained well by the College of Nursing to be able to discharge their duties effectively, even under challenging circumstances. The erstwhile School of Nursing established in 1973 was converted to College of Nursing in 2010 and is affiliated to the West Bengal University of Health Sciences, Kolkata. Some of subjects that these nursing cadets study during their four year training schedule are basic sciences, nursing procedures, pharmacology, pathology, psychiatry, pediatrics, midwifery and community health nursing. Nursing officers posted at various armed forces hospitals have the distinctive opportunity of nursing the soldiers and civilians situated in diverse parts of the country in time of peace and war as well as play a vital role in peace keeping at UN missions. Migrant labourers rush for promised work in Malda

MALDA, JAN 10 /- A large number of migrant labourers from Malda district have queued up in front of the collector's building here for the last five days seeking work for 200 days a year in view of chief minister Mamata Banerjee's recent assurance to them. The chief minister had announced a meeting in Purulia district on December 12 that migrant labourers who were willing to return to the state would find jobs back home. She had said that she did not want people of West Bengal to face any danger while working in other states. Banerjee had said this in the aftermath of the gruesome killing of Afrazul Khan, a migrant worker from Malda. Khan was brutally killed in Rajasthan in December last year. Malda ADM (General) R Vimla said no untoward incident was reported today in front of the administrative building and applications were taken according to the normal procedure. There was no problem in case of 200 days' work as it was a matter of the Gram Panchayat level and all applications relating to job applications would be sent through the concerned blocks, the official said. But in respect of financial assistance there was no government order so far, the official said.

Rally of Sanatan Brahmins

Minister for irrigation Rajiv Banerjee at the rally of Sanatan Brahmins. (EOI Pix)

KOLKATA, JAN 10 /- The state government will do its best to solve the various problems being faced by priests in the state. This was today announced by state minister for irrigation Rajiv Banerjee at the rally of Sanatan Brahmins held at Dakshineswar. Banerjee went there as representative of chief minister Mamata Banerjee and dwelt on the role and also the problems of the Sanatan Brahmins. "This section of the community played a major role in social reforms in the state and we are sensitive to their issues," Banerjee said. The programme was also attended by Gopal Saha, chairman of Kamarhati Municipality. (EOIC)

First Kolkata eye care hospital to get prestigious accreditation

EOI CORRESPONDENT

KOLKATA, DEC 10 /- Adding yet another feather to its cap, Currae Eye Care Hospital (part of Patni Healthcare Ltd.) has received the prestigious accreditation (Progressive Level for SHCOs) from the National Accreditation Board for Hospitals and Healthcare Providers (NABH), the benchmark for quality patient care and safety.

This makes it the first eye care hospital in Kolkata as well as the entire West Bengal region to be awarded the NABH Accreditation. This accreditation from NABH recognizes the fact that the hospital meets strict standards of quality and safety set by the board.

The NABH is a constituent of the Quality Council of India (QCI) set up by the Government of India. It is an autonomous body that establishes and operates accreditation programmes for hospitals and healthcare institutions. The board is structured to cater to the needs of healthcare consumers and sets benchmarks for quality in the healthcare industry.

Currae Eye Hospital was founded in 2015, in Madhyamgram. We also operate a state of the art Eye Care Hospital on AIC Bose Road, Kolkata. The major target disease areas of the hospital are cataract, diabetic retinopathy, age related macular degeneration, glaucoma, degenerative myopia. The hospital has focused on the above diseases because they lead to avoidable blindness and can be diagnosed and treated. The hospital also operates special eye care programme for children eye problems and dry eyes. (EOI Pix)

Currae Eye Hospital is a major milestone for us as it certifies that our hospital meets the highest quality and safety standards.

The fact that we are the first eye hospital to receive the certification in West Bengal region is a testimony to our commitment to provide high quality healthcare to our patients," Says Krish Sundaresan, managing director cum CEO of Patni Healthcare Limited. Currae Eye Hospital has a dedicated, well experienced doctor's team supported by experienced Ophthalmologists and other clinical staff. We strive to provide hassle-free healthcare at an affordable cost. (EOIC)

ER awards three children for averting possible rail mishap

Manu Goel, divisional railway manager, Eastern Railway, howrah handing over cash awards and school kit to the children for noticing a rail fracture and drawing the attention of the guard of 3782 Dn Bardhaman-Bandel local. (EOI Pix)

KOLKATA, JAN 10 /- As a mark of Eastern Railway's appreciation and encouragement Manu Goel, divisional railway manager, Eastern Railway (ER), Howrah handed over cash awards of Rs. 3,000/- each to three children viz. Kumari Rupa Baidya, Anil Singh and Suvo Mondal today on Wednesday who saved the Railway from a possible mishap on January 6. These three children noticed a fracture on the track between Simlagrah and Pundooah on the Bandel - Bardhaman section of ER

and tried to draw the attention of the guard of 3782 Dn Bardhaman - Bandel local with their mother's sreedcloth. Immediately reacting, the guard of the train informed station master, Pundooah who stopped the trains on either side while track supervisors and maintainers rushed to the site and found a rail fracture. It was repaired on war footing basis. With the prompt action and presence of mind these three children saved Railway from a possible mishap and it denotes a brilliant example of positive public participation in train operations and safety. Each child has also been invited to enjoy free visit to Rail Museum with unlimited rides in toy train. In addition, school kit consisting of a school bag, water bottle, pencil box and tiffin box was given to them by Goel. (EOIC)

Votes for BJP will benefit TMC: Subrata

KOLKATA, JAN 10 /- West Bengal panchayat and rural development minister Subrata Mukherjee today said Trinamool Congress will be benefited if BJP gained a share of opposition votes in the coming polls in the state. If BJP gets a little chunk of the opposition vote it will mean a further split in opposition votes and Trinamool Congress will be the biggest beneficiary, Mukherjee told reporters on the sidelines of an event here. "Earlier the Congress and CPM were known to be Opposition. If BJP takes a slice of that vote that will benefit us," the senior TMC leader said to a question about the saffron party making inroads in Bengal. "BJP is our Godsend. Lakshmi if we take that factor into consideration," he quipped. Election will be held in Uluberia Lok Sabha and Noapara assembly seats on January 29. Panchayat polls in the state are also due this year. (PTI)

Railway introduces anti-fog device in trains

KOLKATA, JAN 10 /- As the intense fog continues to cover the North India, train services have been hit in several parts of North India with more trains affected resulting delays, cancellation and rescheduled over the network. To mitigate the passenger hardship and to avoid delay in train movements, Indian Railways have introduced anti-fog devices in stalling anti-fog devices in all trains running over North India. With a view to ensure timely running of trains during winter, Indian Railways have planned to use GPS (Global Positioning System)-enabled anti-fog safety devices in the drivers cabin of the train to alert the loco pilot about approaching signals, and level crossings. The GPS-enabled safety device is being used in Indian Railways for better navigation. The device has sensors and digital display board inside the engine which gives near accurate picture of the condition of the railway track. The visual and voice stored in the device would alert the drivers in case of any emergency situation during fog. Railways have provided huge number of anti-fog devices in all North bound trains. When drivers know there are no hurdles, they can increase the train speed. These anti-fog devices are working on the basis of GPS and have been installed in trains in North India which would gradually be increased in all trains across the country. The Railways have ordered around 2400 pieces of anti-fog devices in last month. A total number of 1381 anti-fog devices systems have been installed in the trains of North Eastern (NE), North Eastern (N) and North Western (NW) Zones for the trial in the most affected zones during fog. Railways have taken initiatives to install Anti-Fog-GPS-enabled safety devices in all running trains at every nook and corner of the country in near future. (PTI)

Women outnumber men in Meghalaya voters' list

SHILLONG, JAN 10 /- Women have outnumbered men, making up for 50.4 per cent of the registered voters in the final electoral rolls of the state. The voters' list, published Tuesday, has names of 16,39,000 voters, which is 23,848 more than the final Chief Electoral Officer (CEO) F R Kharkongor said. The women list was released after looking into the claims and objections filed from different quarters of Meghalaya, where assembly elections are due in the first half of this year, he said. Meghalaya, with a population of 3.2 million, has a literacy rate of 74.4%, according to the official records of the state government.

Apollo Gleneagles Hospital's free health camps for women, children

EOI CORRESPONDENT

KOLKATA JAN 10 /- In a quest to address the rural health issues of West Bengal, Apollo Gleneagles Hospitals has been reaching out to people from rural areas in the state through different health camps. One such camp, which started in the middle of 2016, is held especially for women and children on the 9th of every month. Today was the 20th camp and so far a total number of 2400 children and 5500 women out of which 1500 were pregnant have benefited from the camps. The camps conducted by Apollo team comprises of doctors specializing in General Medicine, Gynaecology and Paediatrics, nurses and other support staff. The team of doctors and nurses at the camps seamlessly conduct tests like gynaecological screening, blood pressure, random

blood sugar, general body check-up, BMI calculation and doctor consultation for women and additionally a mental check up for pregnant women. Along with these checkups free iron, multivitamin and calcium medicines are also given. For children apart from generic health check up and doctor consultation, anti-pyretic, anti-histaminic, multi vitamin and deworming medicines are also provided.

Speaking about the initiative Rana Dasgupta, CEO, Apollo Gleneagles Hospital Kolkata recounted, "Action and doctor consultation for women and additionally a mental check up for pregnant women. Along with these checkups free iron, multivitamin and calcium medicines are also given. For children apart from generic health check up and doctor consultation, anti-pyretic, anti-histaminic, multi vitamin and deworming medicines are also provided. free medication. Through this novel initiative we, as a responsible corporate entity aim to reach out to the people residing in the most interior parts of the state. The common health issues that have been noticed in growing children especially in girls are leucorrhoea, irregular periods and worm infection due to unhygienic habits. The parents being unaware do not address these problems, so health talks to raise awareness are also held in these camps. The women reporting in our camps especially pregnant ones have been observed suffer from heavy malnutrition and anaemia. Sometimes they also have ulcer of cervix. In these camps, another major problem is iron deficiency and worm infection and other urogenital problems. Aciduria and dehydration is very common among all screened in these camps. Another major observation has been detection of high blood sugar in children in the age group of eight years and beyond. (PTI)

Huge discrepancies found in RUSA fund misappropriation probe of UGB, paid bills of Rs 1.5 crore traceless

EOI CORRESPONDENT

MALDA, JAN 10 /- Innumerable gross anomalies found during the probe into alleged RUSA (Rashtriya Uchchatar Siksha Abhiyan) fund misappropriation case in the University of Gour Banga (UGB) has stunted the enquiry committee, as learnt from sources. While bills of more than Rs 1.5 crore could not be repaid by the university, several 'surprising expenses' have also been revealed, according to sources. The enquiry committee is expected to submit an interim report shortly to the higher authorities and the government officer, finance officer and tax officer. What has further surprised the probe officials is that those chambers compared to offices of corporate CEOs were remodeled within only a year of construction," the sources informed. According to the confidential sources, many air-conditioning machines were purchased at a price Rs 14k to Rs 20k higher than market price. Large additional amount of nearly Rs 6000 was paid for installation of each of those air-conditioning machines which were supposed to have been free considering purchase of so many machines, the sources informed. The probe committee has sought several relevant papers from the UGB authorities as learnt from sources.

However, neither the UGB authorities nor the enquiry committee members agreed to speak a single word in this regard. "It is an issue being looked into by the probe committee. We have nothing to say in this regard. Whatever communication the committee made to us is secret and cannot be disclosed to media," said Prof Swagata Sen, Vice-Chancellor of UGB. R. Vimla, ADM (general) and chairman of the enquiry committee also bypassed commenting. "The probe has still been in progress. There's nothing to comment. We can only say that the probe is taking its own course," she said.
