

Markets stay green as global risks pile up

MUMBAI, MAY 30 /-/- Benchmark indices closed lower for the second straight day on Wednesday as political uncertainty in Italy and flaring up of trade tensions between the US and China triggered a global sell-off. Moody's cutting India's 2019 GDP growth forecast added to the sombre mood, with no let-up in selling by participants ahead of May derivatives expiry, brokers said. The BSE Sensex slipped over 43 points in volatile trade to end at 34,906.11, while the 50-share Nifty shed 18.95 points to finish at 10,614.35.

Asian markets nosedived after US President Donald Trump unexpectedly ratcheted up trade tensions with China. The US imposed a hefty 25 per cent tariff on USD 50 billion worth of Chinese goods and tightened its nose against China's

sustained foreign fund outflows amid a global sell-off. However, short-covering by speculators ahead of May derivatives expiry on Thursday and recovery in the rupee reversed the early losses, with the gauge scaling a high 35,017.45. It finally ended at 34,906.11, down 43.13 points, or 0.12 per cent. The barometer had lost 216.24 points in the previous session. The 50-share NSE Nifty too shed 18.95 points, or 0.18 per cent, lower at 10,614.35. During the session, it moved between 10,648.70 and 10,556.45. Moody's Investors Service today cut India's 2018 growth forecast to 7.3 per cent from the previous estimate of 7.5 per cent, saying the economy is in cyclical recovery, but higher oil prices and tighter financial conditions will weigh on the pace of acceleration.
