

Sensex flies to new rarefied zone, Nifty whizzes past 9,600

MUMBAI, MAY 29/- Stocks kept the record-breaking touch intact for the third day as the Sensex today closed at a fresh life high of 31,109 while the Nifty settled above 9,600 for the first time ever as ample liquidity gave buying a lift. Since a few overseas markets were closed, there were not too many triggers, which put a lid on the stocks' advance. Amid all this, concerns over high valuations remained. Muted earnings from some blue-chip companies, including Sun Pharma, Tech Mahindra and Reliance Communications, created discomfort. But sustained buying saved the day as they brushed aside yet another missile launch by North Korea. Opening

weak, the 30-share Sensex slid below the 31,000 mark on a string of weak quarterly earnings, but quickly bounced to yet another in-tray lifetime high of 31,214.30. It closed up 81.07 points, or 0.26 per cent, at a new peak of 31,109.28, breaching its previous record of 31,028.21, reached

on May 26. During the day, the Sensex swung almost 345 points both ways. The index has now rallied 807.64 points in the three straight sessions. The broader 50-share NSE Nifty settled higher by 9.80 points, or 0.10 per cent, at 9,604.90, a new peak, beating its previous record of 9,595.10 recorded on Friday. Intraday, the index touched an all-time high of 9,637.75. "Liquidity is extending its gains to consumer-oriented stocks and sectors... This positive trend can continue in the near term, given strong domestic inflows even though valuation is high due to attractive outlook for earnings growth in future," said Vinod Nair, Head of Research, Geojit Financial Services.

Rupee drops 6 paise against dollar; halts 3-day rally

MUMBAI, MAY 29/- The rupee today weakened by 6 paise against the dollar to close at 64.50 on month-end demand for the US currency from importers, ending its three-day spectacular run. In the previous three sessions, the rupee had gained 45 paise to close at 64.44 on Friday. Renewed month-end demand for the US currency from importers and corporates mainly weighed on the domestic currency, dealer said. Also, for foreign portfolio investors were sellers of stocks today as provisional exchange data showed FPIs sold shares worth Rs 700 crore on net basis. A record-setting rally in domestic equities along with robust position of forex reserves and improving macro-economic environment largely limited the fall, a forex dealer said. Stocks kept the record-breaking touch intact for the third day as the Sensex today closed at a fresh life high of 31,109 while the Nifty settled above 9,600 for the first time ever as ample liquidity gave buying a lift. The rupee today resumed lower at 64.48 at the Interbank Foreign Exchange (Forex) market. It traded in a range of 64.45 and 64.59 during the day before ending at 64.50, revealing a loss of 6 paise, or 0.09 per cent. The RBI, meanwhile, fixed the reference rate for the dollar at 64.5565 and for the euro at 72.1354. In the overnight currency market, the rupee recovered against the euro to settle at 72.14 as compared to 72.21 and also bounced back against the Japanese Yen to finish at 57.94 per 100 yen from 58.05 last Friday.
