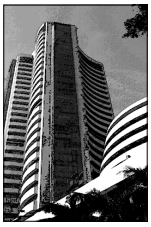
Sensex ends at over 1-mth low, melts 318 pts

MUMBAI, AUGUST 11 /--/ Gripped by fear psychosis due to geo-political aftershocks, key stock market indices were on a sticky wicket for the fifth day on Friday as both Sensex and Nifty fell over 1 per cent to hit their one-month lows.

The sharp plunge left investors poorer by over Rs 95,000 crore as the market cap stood at Rs 1,27,08,846 crore.

Risk appetite took a hit after the Economic Survey said achieving the high end of the 6.75-7.5 per cent growth projected previously will be difficult.

This is markets' first weekly fall in six. Weakness in the rupee against the American currency and lacklustre global shares dragged down the indices, too. The BSE 30-share Sensex remained in the negative zone and settled down 317.74 points, or 1.01 per cent, at 31,213.59, its weakest closing since July 4. The index had tumbled



794.08 points in the last four sessions.

The NSE Nifty after cracking the 9,700-mark to hit a low of 9,685.55, finally settled lower 109.45 points, or 1.11 per cent, at 9,710.80, a level last seen on July 7.

For the week, the Sensex and Nifty both recorded first fall in six weeks, by plunging 1,111.82 points, or 3.43 per cent, and 355.60 points, or 3.53 per cent, respectively.

"Investors across the globe continued to pare risky positions amid rising geo-political tensions between the US and North Korea... Domestic sentiment was also adversely affected after the mid-year economic survey today said there are downside risks to the Indian government's growth forecast of 6.75-7.5 per cent for 2017-18," said Karthikraj Lakshmanan, Senior Fund Manager Equities, BNP Paribas Mutual Fund.

Largest lender SBI had a bad day, sliding the most by 5.36 per cent even as it posted a consolidated net profit of Rs 3,105.35 crore for the June quarter.

Others that dragged the key indices down were M&M, Reliance Industries and L&T. JKumar Infraprojects and Prakash Industries resumed trading on Friday and crashed by up to 20 per cent to hit the lower permissible limit after SAT stayed the curbs imposed by Sebi on them.

SBI Q1 net jumps 5-fold to Rs 2,006cr; NPAs spike

NEW DELHI, AUGUST 11 /--/ The country's largest lender SBI on Friday reported over 5-fold jump in consolidated net profit to Rs 2,006 crore for the June quarter of the current fiscal even as non-performing assets (NPAs) or bad loans spiked sharply.

Posting first quarterly earnings after the merger with its five associate banks and Bharatiya Mahila Bank Ltd (BMBL), the state-owned bank said in a statement that its net profit in the April-June quarter of last fiscal, 2016-17, was Rs 374 crore.

It said the figures, ratios and other information are based on the merged audited numbers. "Historical data has been arrived at by aggregating the audited numbers of the erstwhile associate banks, Bharatiya Mahila Bank and SBI for comparison purposes."

Asset quality of the bank slipped substantially because of higher accruals of bad loans from the books of associates, it added.

There were slippages with gross NPAs rising to 9.97 per cent of the gross advances as on June 30, 2017, from 7.40 per cent as at end-June 2016.

Net NPAs or bad loans too soared to 5.97 per cent of the net advances by June end of this fiscal, up from 4.36 per cent in the year-ago period.

"Gross NPAs increased from Rs 1,37,662 crore as on June 2016 to Rs 1,88,068 crore as on June 2017," SBI said.

The operating income of the bank fell by 5.17 per cent to Rs 25,612 crore during April-June quarter of 2017-18, as against Rs 27,007 crore in the same period a year ago.

Of the other key metrics, bank's fee income increased to Rs 4,870 crore during first quarter of 2017-18, up 16.21 per cent from Rs 4,190 crore in same period year ago.

However, net interest income decreased by 3.51 per cent to Rs 17,606 crore from Rs 18,246 crore year earlier. Non interest income also fell by 8.62 per cent to Rs 8,006 crore from Rs 8,761 crore.

State Bank of India (SBI) said it contained the increase in operating expenses at 3.72 per cent year-on-year.

On profitability front, SBI said there has been a fall of 8.4 per cent in interest income from advances during April- June of 2017-18 at Rs 36,142 crore from Rs 39,545 crore due to reduction on base rate/ MCLR during the period.

Deposits of the bank, as on June 2017 rose by 13.28 per cent to Rs 26,02,534 crore from Rs 22,97,426 crore.

Also, gross advances were up 1.46 per cent from a year ago to Rs 18,86,666 crore by June-end 2017, as against Rs 18,59,513 crore as on June 2016.

SBI had merged its five associate banks -- State Bank of Bikaner and Jaipur, State Bank of Mysore, State Bank of Travancore, State Bank of Hyderabad and State Bank of Patiala, besides the BMBL -- with itself from April 1.

On a non-comparable basis, SBI said, its consolidated net profit during April-June, 2017-18, stood at Rs 3,105.35 crore. (PTI)

All Bank posts Rs 29cr Q1 net

KOLKATA, AUGUST 11 /--/ Allahabad Bank clocked a net profit of Rs 28.84 crore in the first quarter of the current fiscal as against a loss of Rs 564.96 crore in the previous similar period.

MD and CEO of Allahabad Bank, Usha Ananthasubramaniam said that operating profit of the bank increased 21 per cent at Rs 1170 crore as compared to Rs 967.44 crore during the previous similar quarter. The bank, she said, had been able to bring down the cost of deposits by increasing the percentage of CASA in the overall deposit base. "We are shedding bulk deposits in a big way and that is helping us to reduce the cost of funds," she told reporters here today.

Total business of the bank stood at Rs 3.53 lakh crore, out of which overseas operations contributed Rs 14,444 crore, she said.

During the quarter, fresh slippages were Rs 2004 crore and provisioning made was Rs 1141 crore.

Gross NPA and net NPA of the bank stood respectively at 13.85 per cent and 8.96 per cent, she said.

Net interest margin (NIM) of the bank stood at 2.35 per cent during the quarter, lower that 2.69 per cent in the previous similar period. "Given the market conditions, NIM of 2.35 per cent can be considered to be stable", she said.

To fund growth, the bank's board had approved for raising Rs 2000 crore capital during the year.

Rupee down 5 paise at 64.13

MUMBAI, AUGUST 11 /--/ Extending its downtrend for the third straight day, the rupee ended lower by 5 paise at 64.13 against the US currency due to sustained demand for the dollar from importers and local corporates. This the lowest closing level for the home unit in more than a week.

In line with weak equity markets, the rupee fell sharply to hit a fresh two-week low of 64.28 in late morning deals before staging a smart rebound toward fag-end trade.

Tumbling local equities in the face of heavy unwinding by foreign investors and funds alognwith mounting geopolitical tensions between the US and N. Korea largely weighed on the rupee front. Firming greenback against other currencies overseas also added some sentiment impact on forex market, a dealer commented.

Foreign investors who have been a major contributor to the market rally, have sold shares worth Rs. 1,171 crore in the cash market on Thursday.

In the meantime, domestic bourses crumbled to hit their fresh one-month lows following broad-based sell-offs.

Struggling to register any meaningful recovery, the rupee opened sharply lower at 64.20 against Thursday's close of 64.08 at the Interbank Foreign Exchange market.
