

Sensex, Nifty bounce back to stay on record smashing spree

MUMBAI, JULY 31 /- Market benchmark BSE Sensex sprang back from early losses to close at a new lifetime high of 37,906.58 Tuesday on late buying in RIL, HUL, Infosys and Hero MotoCorp, continuing its record run for the seventh straight day.

The broad-based NSE Nifty also continued its record-smashing streak for the fourth day by gaining 36.55 points or 0.35 per cent to settle at a fresh all-time high of 11,356.50.

The 30-share Sensex closed at 37,906.58 points, up by 112.19 points, or 0.3 per cent, breaking its previous closing record of 37,494.40 hit on Monday.

Stock markets traded in the negative for most of the session due to profit booking amid mixed trends

Asian markets after overnight losses on Wall Street.

Investors were cautious ahead of the RBI policy outcome, and preferred to book profits at record levels, brokers said. Banking stocks were the brunt as SBI, ICICI Bank and Axis Bank dropped up to 3.23 per cent.

However, a recovery in rupee, buying by domestic institutional investors, encouraging earnings by select blue-chips and stock specific buying helped the market get back on its feet, brokers said.

Vinod Nair, Head of Research, Geojit Financial Services Ltd said, "Caution ahead of tomorrow's RBI & US FED policy led the indices to start a weak note. However, strength in earnings supported the market to reverse from day's low and ended up with a gain."

Reliance Industries was the top gainer by climbing 3.14 per cent to close at Rs 1,185.85 on BSE. RIL also regained its status as the country's most valued firm by market capitalisation, replacing Tata Group's TCS from the top slot.

NEW DELHI, JULY 31 /- The finance ministry is likely to rework the constituents of the CPSE Exchange Traded Fund (ETF) by either including new state-run companies or trimming the government holding threshold for existing ones to 52 per cent.

The m-CPSE ETF comprises 10 state-owned bluechips and shares in these companies can be sold only till the government stake in them reaches 55 per cent.

"Since most of the CPSEs in the basket have reached or are about to reach the threshold limit of 55 per cent, there is a need to rebalance the constituents of CPSE ETF, an official told PTI.

The m-CPSE is in the process of appointing advisors for coming out with the 4th tranche of the CPSE ETF/ICICI Securities and SMC Capitals have bid for becoming the adviser for the Exchange Traded Fund.

The official said the adviser will draw up plan on whether new Central Public Sector Enterprises (CPSE) should be included in the ETF basket or threshold limit for existing CPSEs be brought down to 52 per cent.

On lowering the threshold, the official said however that if this option is exercised, it would leave little headroom for these CPSEs to go in for further stake sales or buy back offers.

A final call would be taken by the inter-ministerial panel, chaired by the Union Finance Minister.

CPSE ETF which functions like a mutual fund scheme, comprises scrips of 10 PSUs ONGC, Coal India, IOC, GAIL (India), Oil India, PFC, Bharat Electronics, REC, Engineers India and Containor Corporation of India.

Through the three tranches of CPSE ETF, the

government has already raised Rs 11,500 crore - Rs 3,000 crore from the first tranche in March 2014; Rs 6,000 crore from the second

tranche in January 2017 and Rs 2,500 crore from the third tranche in March 2017. The government has budgeted to raise Rs 80,000

crore through disinvestment in the current fiscal. It has already mopped up Rs 9,000 crore in the April-July period.

SBI General Insurance Q1 net doubles to Rs 113cr

MUMBAI, JULY 31 /- SBI General Insurance, the non-life subsidiary of SBI, Tuesday reported 126 per cent year-on-year growth in net profit for the three months to June at Rs 113 crore. The general insurer's net profit stood at Rs 50 crore in the year-ago period, a release said. The company recorded its maiden sustainable underwriting profit of Rs 7 crore in June quarter, compared with an underwriting loss of Rs 46 crore last year. Its gross written premium (GWP) registered a growth of 52 per cent at Rs 1,011 crore, against Rs 667 crore in the same period last year.

Rishi Shah, Chief Financial Officer, SBI General Insurance.

Solvency ratio improved to 2.38 in the reporting quarter, from 2.30 in the same period last year. "We are one of the youngest players in the sector and have seen a steady but impressive growth since commencing operations. We have witnessed a growth of 52 per cent in the first quarter of FY19, against an industry growth of 12 per cent," said Rishi Shah, chief financial officer. SBI General Insurance Company, which began its operations in 2010, is a 74:26 joint venture between the State Bank of India and Insurance Australia Group (IAG).

Pawan Kumar Goenka, MD Mahindra & Mahindra with company officials during the announcement of the Mahindra's new MPV 'Marazzo' based on the distinctive shark-inspired design, in Mumbai on Tuesday.

Sebi to empanel auditors to conduct forensic audits of listed cos

NEW DELHI, JULY 31 /- Markets regulator Sebi has decided to appoint auditors for conducting forensic audits of financial statements of listed companies to check frauds.

The move comes amid Sebi ordering forensic audit of a slew of companies including Fortis Healthcare. Of late, there have been concerns voiced over certain auditors for being negligent while examining books of listed firms with various inconsistencies in financial statements being ignored.

Sebi has now invited applications from eligible CA firms for empanelment to take up assignments relating to forensic audit of financial statements of listed companies. Spelling out the eligibility criteria, Sebi said that the applicant should have a minimum 10 years of experience in the field of auditor/forensic auditor, should have at least 5 partners or directors involved in forensic audit related work, the regulator said in a public notice.
