

Sensex ends volatile 2016 on robust note, sprints 260 pts

MUMBAI, DEC 30 /-/- Stocks signed off 2016 on a cheerful note, with the Sensex surging over 260 points on Friday to close at over a fresh two-week high of 26,626.06 on the final trading session of the year, amid positive Asian cues.

The beginning of January 2017 series of futures and options made investors upbeat. With the deadline for depositing banned notes ending on Friday and after a year of approaching Union budget, investors accelerated buying activity with hopes that the government will come up with a series of steps to boost the economy. Sentiment turned for the better after Finance Minister Arun Jaitley on Thursday said there has been a sharp jump in tax collections, bringing fears of

a sharp slowdown in the economy in view of demonetisation. After a higher start, the share index hit the day's high of 26,678.60 and closed up 260.31 points, or 0.99 per cent, to settle at 26,626.06, a level last seen on December 13 when it settled at 26,697.82.

It had gained 155.47 points yesterday as December derivatives contracts expired amid recovery in the rupee. The Nifty rose 82.20 points to 1,011 per cent to end at 8,185.80, after touching the day's high of 8,197. For the year, the Nifty recorded a rise of 585.76 points, or 2.24 per cent, and 200.05, or 2.50 per cent, over the last trading day of the year, hoping for radical reforms in the Prime Minister's

speech on Saturday. Additionally, an expectation of tax sops in the budget, weakness of the dollar and robust tax collection are adding to the positive sentiment," said Vinod Nair, Head of Research, Geojit BNP Paribas Financial Services. The year saw the Sensex zooming to a high of 29,077.28 on September 8 and a low of 22,494.61 on February 29. Friday's closing meant a net gain of 508.92 points, or 1.94 per cent from its last year-end close of 26,117.54. During the year, the Nifty gained 239.45 points, or 2.01 per cent. The gauge had climbed to a high of 8,968.70 on September 7 and touched a low of 6,825.80 on February 29. Domestic institutional investors (DIIs) bought shares worth a net Rs 957.83 crore as per provisional data.
