Sensex slips in cautious trade ahead of F&O, GDP data

MUMBAI, NOV 29 /--/ Benchmark Sensex ended marginally lower at 33,603 on Wednesday as investors remained on the sidelines ahead of the second quarter GDP data and expiry of November derivatives contracts. Sentiment took a hit after North Korea test fired an intercontinental ballistic missile, ratcheting up tensions with the US. Extending its falling trend for the second session, the 30-share index, after moving between 33,728.81 and 33,553.12, finally settled 15.83 points, or 0.05 per cent, lower at 33,602.76 as several bluechips retreated. The barometer had lost 105.85 points in yesterday's trade after eight straight sessions of gains. The broader NSE Nifty too slipped 8.95 points or 0.09 per cent to end at 10,361.30 after shuttling between 10,392.95 and 10,345.90. "Indian stocks retracted to a risk off mode ahead of the GDP data release scheduled tomorrow. Global cues were also mixed with US tax overhaul optimism drowned by pessimism over renewed threats from North Korea. "Investors also seemed to be waiting for the outcome of OPEC's meeting and lacked confidence in chasing short-covering rallies ahead of domestic F&O expiry tomorrow," said Anand James, Chief Market Strategist, Geojit Financial Services. Meanwhile, foreign portfolio investors (FPIs) bought shares worth a net Rs 12.24 crore yesterday, as per provisional data. Domestic institutional investors (DIIs) sold equities worth a net Rs 428.15 crore. Globally, most Asian markets stayed cautious as investors brushed off early worries about North Korea's latest missile test. European shares were higher in their early deals. Axis Bank was the worst performer in the Sensex kitty, falling 2.32 per cent, followed by HDFC (1.31 per cent). Others on the losing side included Asian Paints, SBI, TCS, Kotak Bank, Dr Reddy's, Tata Motors, Hero MotoCorp, NTPC, Cipla, Infosys and M&M, falling up to 1.18 per cent. The gainers' pack was led by Wipro, Adani Ports, Sun Pharma, Hindustan Unilever, Tata Steel, Bharti Airtel, Bajaj Auto, Coal India, HDFC Bank, Maruti Suzuki, ITC, L&T and ICICI Bank. Sector-wise, BSE metal lost most, falling 0.55 per cent, followed by bankex, PSU, power, IT and teck. The BSE mid and small cap indices also lost up to 0.17 per cent. In the Asian region, Hong Kong's Hang Seng index shed 0.19 per cent, Singapore fell 0.10 per cent while Japan's Nikkei ended 0.49 per cent higher. Shanghai Composite Index rose 0.13 per cent.

DLF board to consider QIP, warrants issue on Dec 1

NEW DELHI, NOV 29 /--/ India's largest realty firm DLF has called a board meeting on December 1 to approve its proposals to issue equity shares to institutional investors and warrants or debentures to promoters.

DLF is required to launch QIP (qualified institutional placement) and also issue of warrants or debentures because of proposed infusion of about Rs 10,500 crore by promoters into the company. Infusion of capital by promoters would lead to increase in promoters stake in DLF to more than 75 per cent. So, the company will have to launch a QIP to maintain the minimum public shareholding limit of 25 per cent. In a regulatory filing, DLF informed that board and audit committee will meet on December 1, 2017 to consider and approve proposal of "issuance of warrants and/or compulsorily convertible debentures on preferential basis" to promoters. The board will also consider and approve proposal of "issuance of equity shares under Qualified Institutions Placement (QIP)" and increase in authorised share capital of the company. The board decision would be subject to the approval of the shareholders. In late August, DLF promoters' sold the entire 40 per cent stake in its rental arm DLF Cyber City Developers Ltd (DCCDL) for Rs 11,900 crore. This deal included sale of 33.34 per cent stake in DCCDL to Singapore's sovereign wealth fund GIC for Rs 8,900 crore and buyback of remaining shares worth Rs 3,000 crore by DCCDL. Promoters would infuse the net proceeds from this deal, estimated at about Rs 10,500 crore into DLF. DLF expects to raise another Rs 3,000 crore from proposed QIP, taking the total likely infusion in the company to Rs 13,500 crore. The realty major would use this fund to reduce its net debt, which has surged to nearly Rs 27,000 crore because of huge demand slowdown in the real estate sector from last many years. (PTI)

Future SupplyChain eyes Rs 650cr via IPO, to dilute 24.4% stake

MUMBAI, NOV 29 /--/ Future Supply Chain Solutions, the logistics arm of the Kishore Biyani-led Future Group, Wednesday said the promoters and PE investor Griffin will together sell 24.43 per cent to raise up to Rs 650 crore through the initial public offer that hits the market on December 6.

The company has fixed a price band of Rs 655-660 for the issue which will offer up to 9,784,570 equity shares that has a face value of Rs 10 each, and an offer-for-sale of up to 7,827,656 shares or 20 per cent equity by Griffin Partners. That apart, the promoters, Future Enterprises, will dilute up to 1,956,914 shares constituting 4.43 per cent of equity, through the issue which will close on December 8. Griffin offer constitutes up to 24.43 per cent of the post-offer paid up equity share capital, the company said. Most of the proceeds from the issue will go to the Griffin while the rest to the promoter group, Mayur Toshniwal, manager director Future Supply Chain said. \ Griffin Partners held 40 per cent in the company and it will offload 20 per cent of this stake through the IPO, post which the PE will continue to hold 15.1 per cent, Toshniwal said. In the run-up to the IPO, SSG Capital – the parent of Griffin Partners- had on November 20 sold 19.63 lakh shares aggregating to 4.9 per cent stake to two Edelweiss Group- managed entities--Edelweiss Crossover Opportunities Fund and EW Clover Scheme-at Rs 636.60 a share, according to an earlier exchange filing by the company. "We opened Future Supply Chain in 2006, and in a decade we've established distribution centres across the country. We offer third-party logistics to non-group companies, and our revenue share from both group and outside are almost equal," Rakesh Biyani, joint managing director at Future Group told reporters. (PTI)

SIP catches investor's fancy, garners over Rs 5,600cr in Oct

NEW DELHI, NOV 29 /--/ Systematic investment plan (SIP) continued to be the most favoured option among retail investors for investing in mutual funds, with the industry garnering over Rs 5,600 crore through the mode in October, a surge of 64 per cent from the year-ago period. With this, the total funds garnered by fund houses through SIPs has reached to Rs 34,887 crore in the first seven months of the current fiscal, latest data with Association of Mutual Funds in India (Amfi) showed. In comparison, an amount of Rs 23,584 crore was collected through the investment plan in April-October 2016-17. The increased interest in SIPs could be attributed to strong performance of equity schemes and investor education initiated by Amfi and mutual fund houses, Bajaj Capital CEO Rahul Parikh said. SIPs have been the preferred route for retail investors to invest in mutual funds as it helps them reduce market timing risk. "SIP

has been gaining popularity among MF investors, as it helps in rupee cost averaging and also in investing in a disciplined manner without worrying about market volatility and timing the market," Amfi noted. As per the latest data, the industry received about Rs 5,621 crore last month through SIPs, much higher than Rs 3,434 crore collected in October 2016. In September this year, an inflow of Rs 5,516 crore came into mutual funds from the investment method. The industry added about 8.86 lakh SIP accounts each month on an average during the the ongoing fiscal, with an average SIP size of about Rs 3,250 per SIP account. Currently, mutual funds have about 1.73 crore SIP accounts through which investors regularly invest in Indian mutual fund schemes. SIP is an investment vehicle that allows investors to invest in small amounts periodically instead of lump sums. The frequency of investment is usually weekly, monthly or quarterly. It is similar to a recurring deposit where investors deposit a small or fixed amount every month. (PTI)

Executive Engineer Northern Mechanical Division P.H.E. Dte.

Sebi slaps Rs 10 lakh fine in WhatsApp-based investment scam

NEW DELHI, NOV 29 /--/ Markets watchdog Sebi has imposed a penalty totalling Rs 10 lakh on two individuals for providing unregistered investment advisory services through WhatsApp messages. A probe conducted by Sebi found that trading tips were being offered to investors through WhatsApp messages by two individuals -- Mansoor Rafiq Khanda and Firoz Rafiq Khanda -- while promising guaranteed returns. They were providing such investment advisory services without obtaining registration from the Securities and Exchange Board of India (Sebi). According to Sebi, the two individuals appear to have solicited and induced investors through WhatsApp and websites to deal in securities on the basis of their investment advice and stock trading tips and also guaranteed unrealistic returns. It is possible that some gullible investors could be easily lured by the contents mentioned through such messages, it noted. "I conclude that the noticees carried out unregistered investment advisory services and are in violation of ...IA (Investment Advisor) regulation. "I conclude that activities carried out by the noticees have violated provisions of ... the PFTUP (Prohibition of Fraudulent and unfair Trade Practices) regulations," Sebi Adjudicating Officer Sangeeta Rathod said in an order dated November 28. Accordingly, the regulator levied a fine of Rs 10 lakh on the Khandas. In October 2016, Sebi had ordered impounding unlawful gains of over Rs 5 crore from Khandas and their associated firms. The regulator, in an interim order in June 2014, had asked these individuals as well as their associated companies to cease and desist from acting as investment advisors and not to solicit or undertake such activities or any other unregistered activity in the securities market. Gold slips for 2nd day; silver breaks below Rs 39k

MUMBAI, NOV 29 /--/ Gold edged lower in listless trade for the second straight session at the bullion market here on Wednesday, due to lack of buying interest from stockists and retailers even as the metal rose overseas. Silver too remained under selling pressure and dipped below the Rs 39,000-mark by tumbling Rs 390 per kg due to reduced offtake by industrial units. Standard gold (99.5 purity) eased by Rs 10 to close at Rs 29,430 per 10 grams from Tuesday's level of Rs 29,440. Pure gold (99.9 purity) also moved down by a similar margin to finish at Rs 29,580 per 10 grams as against Rs 29,590 earlier. Silver (.999 fineness) fell by Rs 390 per kg to finish at Rs 38,710 as compared to Rs 39,100 previously. Globally, gold edged higher as a retreat in the dollar lent support but it remained hemmed within the narrowest monthly range since 2005 as soaring stock markets indicated buoyant appetite for more cyclical assets. Spot gold was up 0.1 per cent at USD 1,294.57 an ounce at early trade. (PTI)

Tender
